

**Letter of Appreciation from the Lakota Sioux Tribe, 2 Strike
Community**

Rosebud Indian Reservation

Sigancu Lakota Oyate

We the people of the 2 Stike Community would like to thank the community of Sterling, Ks, Nimchira [Judi Selman], Dennis Spottedhand, and all the others for all the real nice clothes and other items for the soup kitchen. We really appreciate all your help and dedication to our Lakota People.

We are a small community and are always left out of what bigger communities receive.

We can't believe there are people like your community who care and are dedicated.

It is people like Ed and Judi Webb who take their time to come and bring all their wonderful gifts and clothes. We love them. Hopefully we will get to know the whole community in the future.

Keep up the good work, we really appreciate it.

Thank you,

Ida Marshall
